Your 2 Cents Worth

What do you think about Claire's dishwashing technique?

- ☐ Scrubbing bubbles, scrubbing bubbles!
- ☐ This is the best bubble blower I've ever seen!
- ☐ I know Dad really wanted to test if the new kitchen floor was REALLY waterproof.
- ☐ Maybe they'll never let me do dishes again?
- ☐ How do I get this cleaned up before my parents see this?

Introducing a *revolution* in clothes washing technology—New CyTide!

Have stubborn stains you just can't get rid of?

Are your clothes outdated and in need of freshening?

Our new patented CyTide revolutionizes clothes washing and takes it to the next level.

Textile scientists at Iowa State University, after years of interdisciplinary collaboration with computer science, physics, and engineering faculty have used new CyNano technology to make ordinary clothes washing a thing of the past.

	Before	After Cytide!
Removes everyday stains!		
Removes irritating long-standing stains!		
Even takes out the most stubborn dark stains.
